E-GOVERNANCE POLICY

To be recognized nationally and internationally, every educational institution must have a good E-Governance Policy, a good Governance Document, and good Government initiatives. BIT has established an excellent E-Governance Document and has been implementing several good E-Governance initiatives to maintain and make its mark as one of the country's Institutes of Excellence among the Higher education institutions. For the system to run smoothly, governance must be made inclusive, participatory, accountable and transparent.

Objectives:

1. Incorporate e-governance in to several departments of the organization.
2. To enhance the effectiveness of the operations.
3. To encourage transparency and accountability.
4. To minimize the use of paper in office administration.
5. To facilitate internal and external communication among the various departments of the institute connected through internet.
6. To ensure easily accessible information

Policy:

E-Governance policy is implemented in the following areas

1. Planning and development
2. Administration
3. Finance and Accounts
4. Student Admission and Support
5. Examination

E-Governance must be followed in order to create an honest and effective governance system within the institution

Website:

The website must be functioning and reflect the operations of the institution. Offers an easy access to information on all activities, changes, and other important information to the visitor. For updating information, maintaining and working of website, the institution needs a service provider and a system administrator.

Accounts:

Tally Gold software is used by BIT (Pharmacy) to keep track of finances and accounting. Appropriate security measures should be adopted to ensure transaction confidentiality. Existing workers must be trained, and existing software must be updated on a regular basis. For financial management, the office will continue to use Tally Gold software.

Library:

For the benefit of students, the institution has a large library with more e-learning facilities. Teachers and students are also involved. BIT (Pharmacy) uses Delplus, Digital Library, DELNET to gain easy access to library services. In the same vein, newer e-subscriptions to learning materials and journals are required based on the Library Committee's recommendations.

Examinations:

BIT is an affiliated college to JNTUH. Hence all the examinations are conducted as per the notifications given by JNTUH. Admissions, attendance, exam registrations, hall tickets, and marks uploading will be completed via JNTUH website. The college Exam Incharge is responsible for managing the entire examination process under the supervision of the Principal, and while handling examinations, secrecy and confidentiality is maintained and work will be completed with great care and attention.

E-Governance Policy

To be recognized nationally and internationally, every educational institution must have a good E-Governance Policy, a good Governance Document, and good Government initiatives. BIT has established an excellent E-Governance Document and has been implementing several good E-Governance initiatives to maintain and make its mark as one of the country's Institutes of Excellence among the Higher education institutions. For the system to run smoothly, governance must be made inclusive, participatory, accountable and transparent.

Objectives:

1. Incorporate e-governance in to several departments of the organization.
2. To enhance the effectiveness of the operations.
3. To encourage transparency and accountability.
4. To minimize the use of paper in office administration.
5. To facilitate internal and external communication among the various departments of the institute connected through internet.
6. To ensure easy accessible information

Policy:

E-Governance policy is implemented in the following areas

1. Planning and development
2. Administration
3. Finance and Accounts
4. Student Admission and Support
5. Examination

E-Governance must be followed in order to create an honest and effective governance system within the institution

Website: The website must be functioning and reflect the operations of the institution, Offers an easy access to information on all activities, changes, and other important information to the visitors. For updating information, maintaining and working of website, the institution needs a service provider and a system administrator.

Accounts: Tally Gold software is used by the Pharmacy department to keep track of finances and accounting. Appropriate security measures should be adopted to ensure

1. FINANCE AND ACCOUNTS

Tally Prime Gold is used for finance and accounts. It is used for final accounts purposes, payments, Receipts and Ledgers.

The screenshot shows the Tally Prime Gold software interface. At the top, there's a header with 'GOLD' and 'Tally Prime Gold'. Below that, there's a menu bar with options like 'Cashbook', 'Ledger', 'Bank Statement', 'Credit Voucher', 'Debit Voucher', 'Sales Register', 'Purchase Register', 'Journal Register', 'Bank Statement Register', 'Credit Note Register', 'Debit Note Register', and 'Voucher Classification'. The main area displays 'CASHBOOK' and 'LEDGER' options. The 'CASHBOOK' section shows a list of transactions with columns for 'DATE', 'PARTICULARS', and 'AMOUNT'. The 'LEDGER' section shows a list of accounts with columns for 'DATE', 'PARTICULARS', and 'AMOUNT'. The interface is in English and appears to be a standard accounting software.
